The 1963 Edition of the
Maroon and Gold
is Proudly Dedicated to
Mr. L. KOPER

Colonel Irvine's hardworking industrial arts instructor, Mr. Koper, has been at the school six years, since its' beginning in 1957, and during that time has become a friend and advisor to every student with whom he has come in contact. Mr. Koper, able vice-principal of our school, is also the teacher sponsor of the Safety Patrol, a very necessary and worthwhile organization. Previously Mr. Koper has been in charge of school supplies, a large undertaking, and this year he was the co-ordinator of yearbook production, a position which he filled exceptionally well. To Mr. Koper we owe thanks for the many picture frames, showcases, trophies and other similar articles around the school. These were all constructed by boys in the shop under his capable supervision. We feel, as I am sure you do, that Colonel Irvine would be at a loss without Mr. Koper and to show our gratitude for his service, we proudly dedicate this year's Maroon and Gold to him.

A TRIBUTE TO OUR PRINCIPAL

Most of the students in our school regard Mr. Bickell, principal here since 1958 when the school first opened, with great awe and respect. However, not many think of him in any other capacity, so, we thought that it would be only fitting to pay tribute to him in this 1962-63 edition of Maroon and Gold.

Mr. Bickell was enrolled in public school in Red Deer, but completed his high school training at Central here in Calgary. He studied for his B.A. degree at the University of Alberta in Edmonton. After completing his courses there, Mr. Bickell went to Southern California where he received his Master Degree in Science and Education.

Mr. Bickell has a commendable war record. He met disappointment in not being allowed to go overseas because the military staff valued his educational background and teaching ability in training new recruits. When the war ended Mr. Bickell had obtained the rank of major.

Our principal has had a long teaching career. He began teaching when he was eighteen and has now been teaching forty years as of June 3rd. He has been a principal in Calgary since one year after the war and has been principal here at Colonel Irvine for six years.

Besides his teaching career, Mr. Bickell, who has been married thirty-two years, has raised a son David and a daughter, Bonnie. He also conducted in-service-training for Public School Board teachers for three years, in the use of Audio-Visual Aids.

The staff and students of Colonel Irvine would like to congratulate Mr. Bickell on his forty successful years of teaching and wish him many more in the future.

PRESIDENT'S MESSAGE

BY GLENN CAMERON
STUDENTS' COUNCIL

It has been my privilege and pleasure this past year to serve as president of Colonel Irvine's Students' Council. It is my hope that we on this council have carried out our duties efficiently and lived up to the high standard of achievement attained by former Students' Councils.

In speaking for the Students' Council as a whole, I would sincerely like to thank the student body for their wonderful support in all activities sponsored by your council. For, without this tremendous support, we could not have operated as successfully, financially, this year.

In conclusion, I thank Mr. Bickell and Mr. Desson for their valuable assistance and cooperation, and once again express my thanks to the student body for making this a most successful and enjoyable term in office.

THE MAROON & GOLD

BY BARBARA CARRUTHERS

We spend twelve years of our lives attending school, and yet, when we graduate from high school, we can scarcely remember what occurred in earlier grades.

The many class-mates we gossiped with, fought with, and exchanged notes with; the teachers with whom we served detentions, and who bravely tried to teach us their subjects are all forgotten.

In this lies the value of a yearbook. It helps to recall wonderful memories of years gone by. Faces of those in our rooms in previous years are brought to mind, and activities we have participated in are also joyfully reminiscent.

STUDENTS' COUNCIL EXECUTIVE

The Students' Council in our school is designed to represent the students in the school's management. Thus far it has been very effective. It is composed of an executive, which is elected yearly by the students after a weeklong campaign, and the room representatives. The teacher sponsor regulates the Council's activities.

The 1962-63 Students' Council executive was elected on October 12. The results were as follows:-

President	-	Glenn Cameron
1st Vice-President	-	Ken Adamson
2nd Vice-President	-	Terry Wiens
Secretary	-	Linda Carmichael
Treasurer	-	Karen Aikenhead
Grade 7 Representative	-	Greg Lucas

The teacher sponsor this year was Mr. Desson. In 1962-63 the Students' Council was very active. All socials came under their direction and they also sponsored a shag. The successful Penny Arcade was also a project of the Students' Council.

AROUND THE YEAR IN

September, you're back there once more,
Trudging sadly through the door,
Back to books and homework days,
Just forget the holidays.

October, you begin to learn
That detentions you can't spurn,
Of course, if you should turn up late,
Mr. Desson will make a date.

November and the old routine
Is as sour as Listerine;
The only way to have some fun --
Forget the homework that must be done.

Ten more days, you count the hours
As the prison hour embowers
You, until the joyful days,
That is: Christmas holidays!

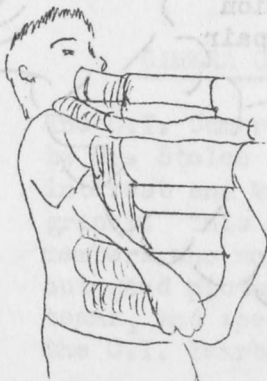

January you take to heart,
Could auld acquaintance be forgot?
Alas, you must go back;
Other five months, you think you'll crack!

February is Valentines,
You spend that night out writing lines.
"My bubblegum I will not chew,
And no more trouble will I brew."

March is here -
Of good cheer!
Time you buckled down and tried
To pass a few tests on the side

April brings a restlessness
That really is hard to suppress,
You get an urge to break the rules,
And play some hooky during school.

May, we start to train for track
'Round the backstops and come back,
Jump and run and hop and kneel,
All the broken bones will heal.

June, and then the realization
That you must pass those examinations!
So study hard and just maybe
You'll sail right through with many a B.

So is Irvine 'round the year,
So is what you did endear,
May this poem always be
Irvine year in memory.

SCHOOL DAZE

As we were walking down the block,
We stopped awhile just to talk.
Lilly spoke of her frozen toes,
While Heidi spoke of glamorous clothes.
Wendy spoke of cokes and movie stars
And Janis spoke of '63 cars.
Then suddenly the school bell rang,
Throughout the neighborhood echoed the clang, clang, clang,
They made a dash!
They were gone in a flash!
Trying to beat the second bell
But even the littlest child could tell
Although it's mean to say
I think that they'll be late today!

OUR HOMELAND

Alberta is our homeland
Our homeland great and free,
Alberta is our homeland
For all, for you, for me.

Alberta is our homeland
Crowned with a blue, blue sky
Alberta is our homeland
With flow'rs for you and I.

Alberta is our homeland
Where rivers rush and flow,
Alberta is our homeland
Where wild things thrive
and grow.

Alberta is our homeland
Beneath our feet good soil,
Alberta is our homeland
For all who work and toil.

Alberta is our homeland
With huge oil derricks tall,
Alberta is our homeland
With waving wheat in Fall.

Alberta is our homeland
Where cattle graze and roam,
Alberta is our homeland
O'er the prairies it's known

THE SETTING SUN

When the sun is setting in the west,
That is the time that I like best.
With the gold of the sun
mingling with the dusk
It gives the sky a beautiful lust.

By the pink and the orange and the
purple and gold
A wonderful tale of the Heavens is told
It gives you a thrill just to
sit and see

The sun go down as it will always be.

It gives you a feeling of being small
Watching the smoldering of this gigantic
ball.

I doubt if the death of the sun will be seen.
It will probably go on as it always has been.

Donna Bell

Alberta is our homeland,
Where cattle furnish meat.
Alberta is our homeland
With its farms nice and neat.

Alberta is our homeland,
To passers by we tell,
Alberta is our homeland
So may we love her well.

THE ANCIENT RIME OF THE SCHOOLBOY - by Gaye Shaw 9-14
(After the Rime of the Ancient Mariner)

It is an ancient teacher
And he did stoppeth me
"By thy long grey hair and bloodshot eye,
Now wherefore stopp'st thou me?"

"The principal's doors have opened wide
Though I'm not next of kin;
The pupils met, the strap is set;
May'st hear the merry din?"

He held me with his skinny hand,
"There was a boy," quoth he
"Hold off! Unhand me, grey-haired loon!"
Eftsoons the strap dropt he.

He missed me with that awful strap --
So I stood very still,
I had to listen like a child;
For he had a forceful will.

And I had done an awful thing,
And it did work me woe;
For I had stopped with bubble-gum,
The fan that caused the breeze to blow.

THE BYWAYMAN by Alanna Thrall 8-9
(After The Highwayman)

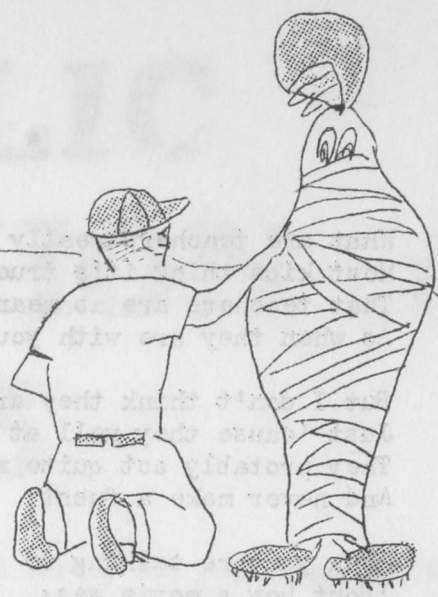

The breeze was a cascade of brightness among the dewy trees,
The moon was a white washed clipper-ship tossed upon foggy seas.
The road was of asphalt, all sticky, over the prairie out west,
And the bywayman came trudging - trudging - trudging,
The bywayman came trudging and then he stopped for a rest.

Up the old asphalted driveway he tiptoed and stalked in the dark,
He was startled, and hid in the bushes when he heard the song of a lark.
He walked then, on to the doorway, and who should be waiting there
But the owner's white fanged watchdog, Butch, the owner's watchdog,
Growling a low mean mad growl, like a lion in his lair.

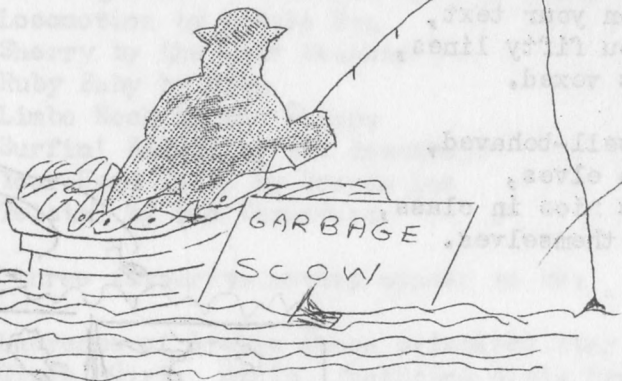

And dark in the dark old driveway, a convertible car door squeaked,
Where Beth, the millionaire's daughter came, late, for her gas tank had a lea
She saw the tramp at the doorway, he stood, being held at bay,
She knew he hated the watchdog, Her father's long-fanged watchdog,
Quiet as a mouse she listened and she heard the hobo say:

"Good grief! Oh gosh! Dear me! the dog is at the door.
And if I don't leave right quickly now he'll have bitten me by the score."
And so he turned right quickly then and ran towards the day,
He ran to the east by the moonlight, His shadow ran in the moonlight,
He ran on and on in the moonlight, and was ne'r seen again - so they say!

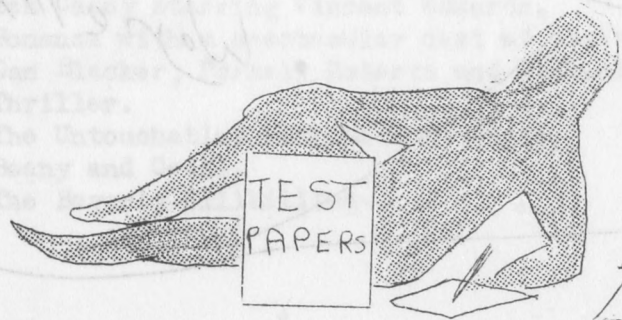

WHAT ARE

TEACHERS

REALLY

LIKE

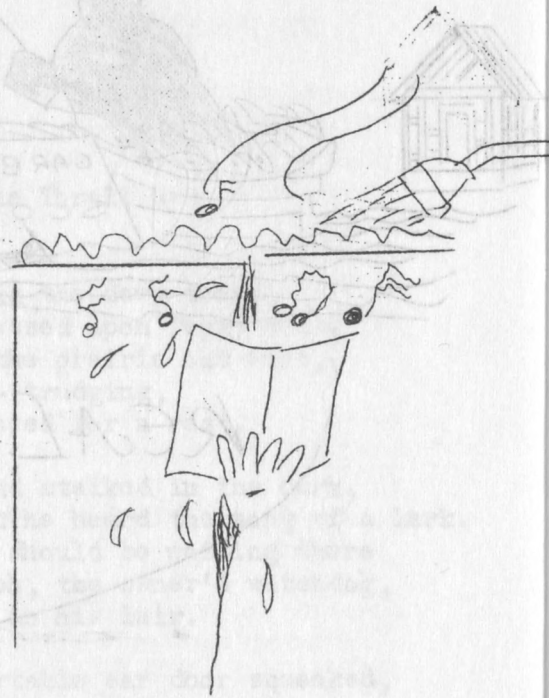

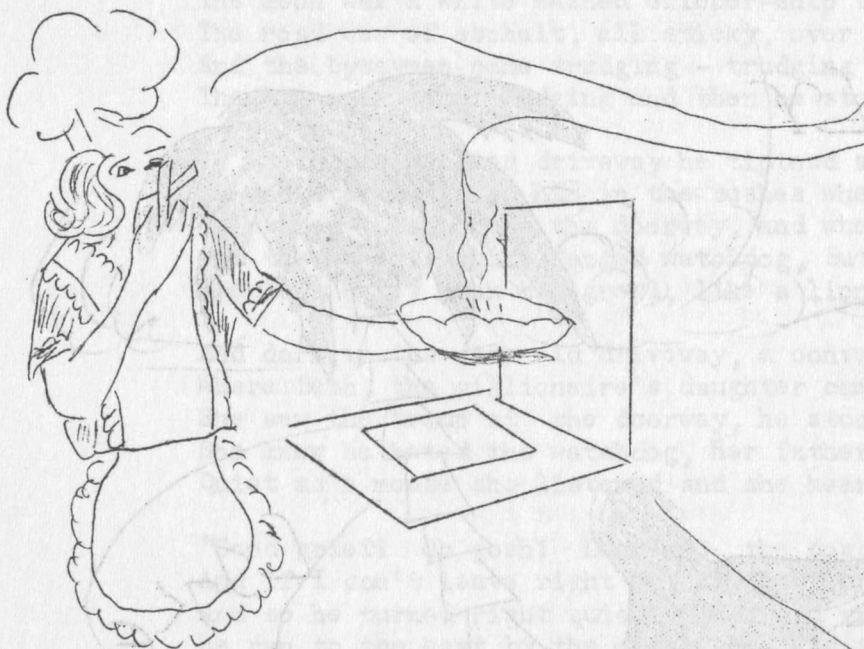

What are teachers really like?
Most kids think it's true
That teachers are as mean at home
As when they are with you.

But I don't think they are so bad,
Just 'cause they yell at us;
They probably act quite nice at home,
And never make a fuss!

When you are talking to a friend
'Bout how a movie was;
Your science teacher throws a look;
You wonder why he does.

When you have a page of math.
And you're drawing on your text,
The teacher gives you fifty lines,
You wonder why she's vexed.

I think if we were well-behaved,
Not acting like some elves,
Teachers would be as nice in class,
As when they're by themselves.
